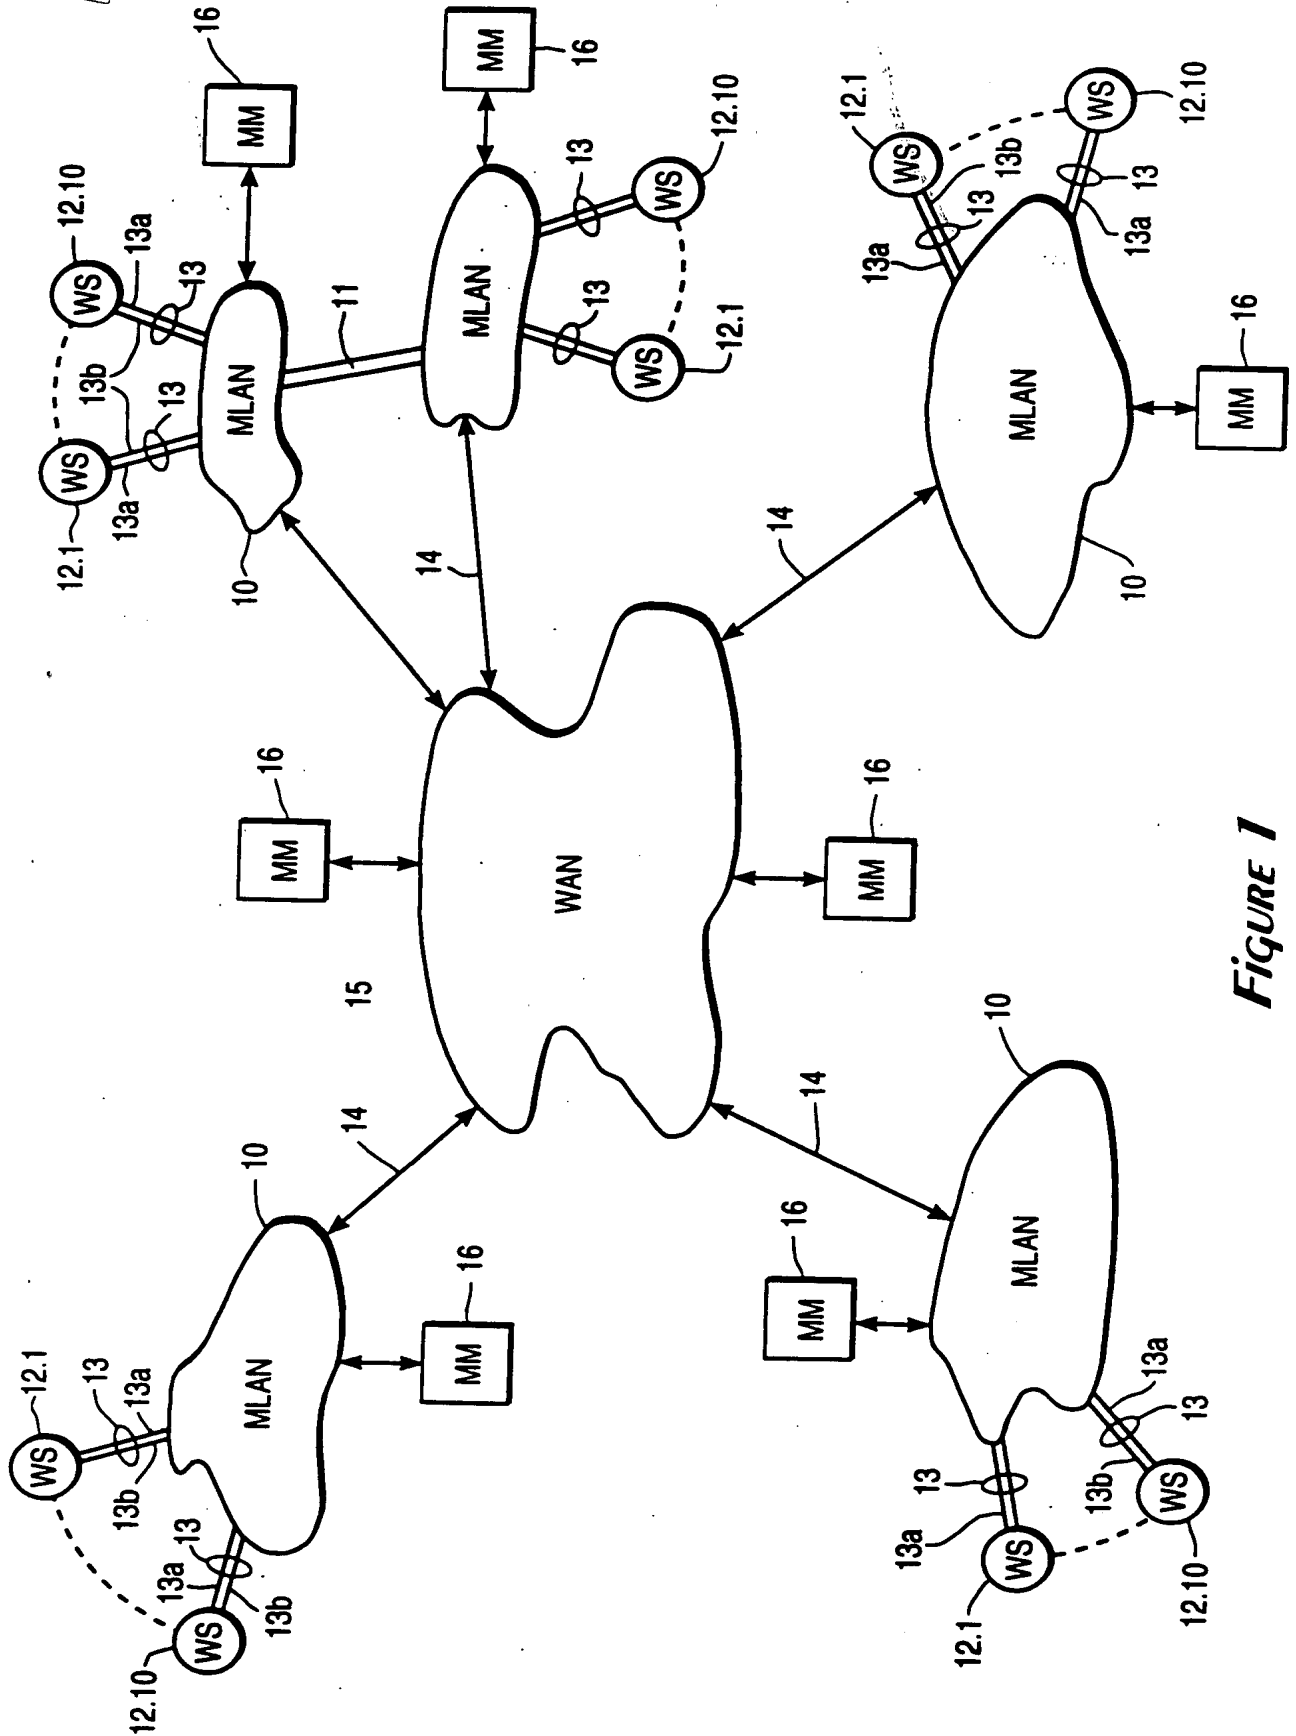

Figure 1

The image displays seven hand-drawn computer interface mockups, likely for a video conferencing application. The largest mockup on the left features a main window with a video conference area showing three participants. Below the video area is a 'New Call' dialog box with a list of calls and buttons for 'Accept', 'Refuse', and 'Add'. To the right of the main window is a 'List of 23 rolodex entries' with a search bar and a list of names and companies. Below the main window is a 'Detail' window for 'Grumman Systems Support Corporation' containing contact information and a 'Remarks' field. To the right of the main window is a 'Calls on Hold' window with a list of calls and a 'New Call' button. The mockups are drawn in a simple, hand-drawn style with black outlines and some shading.

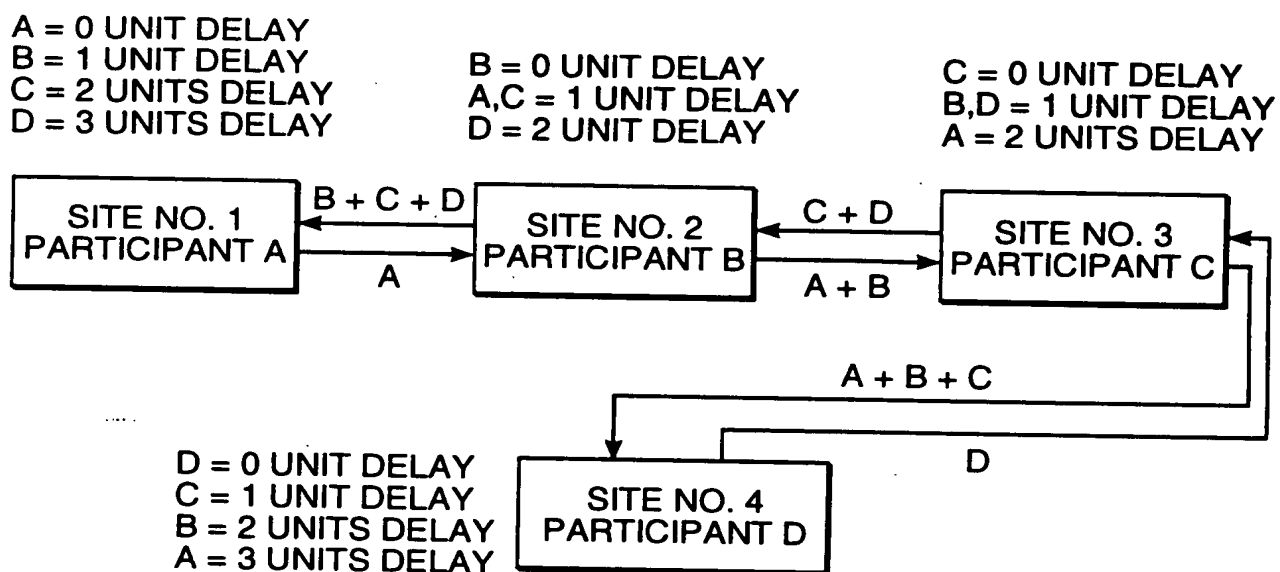

FIGURE 17B

The diagram illustrates a computer system architecture. At the top, a **CAMERA 500** is connected to a **MONITOR 200**. The **CPU 100** is the central processing unit, connected to the **MONITOR 200** and a **SPEAKER 700**. The **CPU 100** contains three internal components: a **VIDEO INPUT CARD 101**, a **VIDEO DISPLAY CARD 102**, and a **NETWORK INTERFACE CARD 103**. A **KEYBOARD 300** and a **MOUSE 400** are connected to the **CPU 100**. Below the CPU is an **ADD-ON BOX 800**, which contains a **CONTROL 806**, a **V-OUT 803**, a **V-IN 801**, an **A-OUT 804**, and an **A-IN 802**. The **ADD-ON BOX 800** is connected to the **CPU 100** and the **MOUSE 400**. The **ADD-ON BOX 800** is also connected to two networks: the **AV NETWORK (UTP) 901** and the **DATA NETWORK (UTP) 902**.
